Large, brown horse, 12 years old, little crease fallen, two white spots from saddle. Left Ottumwa, May 22, and has been seen near Lancaster. Liberal reward for return to G. S. Gaines, Lancaster.

Local Option Election.
In the county court Monday an order was made for the taking of the vote on local option in the Walker's School House precinct. The date fixed is Saturday, July 29th. Mr. Ed Norris, an enthusiastic supporter of local option up there, told *The Record* that he believed the drys would win, but a fight may be expected.

Meeting Night Changed.
At the last regular meeting of Lancaster lodge 104, F. and A. M., it was decided to change the time of meeting from the second and fourth Monday nights to the second and fourth Tuesday nights in each month. This was done to avoid meeting on court day nights, when everybody is worn out from the day's work. The next meeting will be held Tuesday, July 11th. This change suits the regular attendants at the lodge, and it doesn't make any difference what those who don't attend think about it.

June Court Day.
Most farmers remained at home Monday to look after the many things now to be done on the farm. A very small crowd was in town and, aside from the cattle sales, nothing was done. Cattle buyers were inclined to hold off, on account of the prospects for a drought and the present scarcity of grass and water. Feed buyers, of course, bought a bunch of 600 point beefers at \$22.00 per head. Robert's bought a bunch of light stock heifers at 21 cents. Good fat heifers brought about 4 cents. Steers brought from 4 to 5 cents. There were about 350 head of stock on the streets. A few plug horses were sold for a song.

GLORIOUS FOURTH.
Kentucky Chautauqua Association.
A Day Full of Patriotism.

With thoughts on the anniversary of the great VICTORY AT SANTIAGO. All Kentucky will on this anniversary day be in Lexington, where will be offered the Most Notable Fourth of July Celebration on the continent. Two marvelous lectures by men of national-wide reputation in civil and political life. In the morning, Congressman Champ Clark, of Missouri, on "The Revival of Patriotism." In the afternoon Congressman J. P. Doliver, of Iowa, a leader among men in a magnetic platform on "The Nation of America." Two grand band concerts. Amusements of various kinds. At night a Platform Entertainment which will pay you to come miles to hear. The famous Ariel Lady Sextette, the matchless Mendelssohn Male Quartette; Signor Boscoe in unparalleled feats of magic. Miss Sibyl Sammis and Miss Gertrude Smith, two famous readers. Wonderful Moving Pictures by the Vitaphone, with illustrated songs. For brilliancy and variety this program has never been equaled on platform of the Kentucky Chautauqua. Come and spend the day and all it holds. 50c. Gets Everything for the Day. Reduced Rates on all Railroads.

Farmers Read.
We are needing all of our Sacks, and many of our friends have neglected to return the Sacks we have accommodating them with. We lost by fire about 6,000 Sacks, consequently we need every Sack that is due us. We bought 6,000 Second-hand cotton Sacks, branded "Schwartz & Bros. St. Louis, Mo.," these Sacks are in the hands of our farmer friends, and they are using them for milking purposes. A visit to Lancaster Flouring Mills will convince any one of the fact.

We also have several thousand sacks branded "Ballard & Ballard Co.," or "Ballard Mills," and we have also thousands of other sacks, and we notice these sacks are being used for milking and other purposes. Now we ask you in all kindness to see that every sack due us and in your possession is returned at once and you will confer a favor on us that we will appreciate very much.

We are also in the market for wheat and will pay the highest market price cash on delivery. Your Friend,
H. A. B. MARKSBURY & SON.

More Recruits Wanted for the Philippines.

These men will be sent to San Francisco at once to connect with the steamship sailing the latter part of this month. Now is the chance for you to make a trip around the world. This opportunity will only last a few days and men wanting to join should apply at the Recruiting office in Lexington Ky. or in Ashland Ky. or in Somerset Ky. at once.

These Excursions will be run on the Second and Fourth Tuesdays in each month. The tickets will be good on the regular trains, and will be limited to 21 days. The rate will be \$15.00 for the round trip. Persons desiring to go should send in their names for sleeping car space, and state on which train they will want to go. Any information cheerfully furnished on application to any Agent, or to G. W. Barney, Div. Pass. Agent, Lexington, Ky.

Republicans Split.
The Republican convention held Thursday resulted in two sets of delegates being named to the state convention at Lexington. The trouble arose over the selection of chairman. Col. D. R. Collier and Capt. Wm. Herndon were placed in nomination. Col. Collier, who called the convention to order, then retired from the chair and W. McC. Johnston took his place. Tellers were appointed and each reported Collier as having the most votes. Chairman Johnston declared Collier elected and, the latter took charge. Capt. Herndon arose and said a number of unqualified voters had taken part, and also that the convention was not held according to call and had it been called prompt at two o'clock, he would have then had a majority. Collier said the protest came too late, as the chairman had then been elected, whereupon Capt. Herndon requested his friends to keep their seats until Gen. Collier completed his proceedings when they too would hold a convention. This was done and each party selected their delegates and alternates, twelve in number, and sent them without instructions.

Helped the Boys.
One of the horses pulling the band to Kirtlandville Saturday, took sick on the road and, for a time it looked like the boys would have to hoof it to town. Jack Hint came to the rescue, however, and kindly loaned a mule. Jack is one of the cleverest fellows in the county, and never so happy as when doing a good turn for anyone.

Kentucky Editors.
This year's meeting of the Kentucky Press Association will be held at Henderson, Ky., Tuesday and Wednesday, July 11th and 12th. At the close of the meeting, the officers, their wives, daughters and sweethearts will go on an excursion to Potosi, Michigan, via Chicago. The entire trip will consume about a week. Secretary R. E. Morningstar reports that a larger number than usual is expected to take the trip, which promises to be quite a delightful one.

"The only drawback to any intelligent country community enjoying educational and refining privileges is lack of co-operation between the farmers themselves," writes Mrs. John E. Sims, of "Entertaining in the Country," in the July Ladies' Home Journal. "Whenever a farming community realize that in themselves lie the means of educating their sons and daughters to love the farm and the farm home, and that because one does not have the privileges of the town or large city there is no reason why he should stagnate either mentally or socially, they will have solved the problem of how to live happily and contentedly on a farm."

Manager Gus Hoffman writes *The Record* to announce the formal opening of Crab Orchard Springs on tomorrow, Friday. Much money has been spent on the property to put it in first-class condition for the season, and everything points to a successful year. We know of no more delightful place to rest and recuperate than at this famous resort. Mr. H. extends a cordial invitation to his Garrard county friends to come over.

Brown Cogar Married.
The Nicholasville Journal says "Mr. B. Y. Cogar, local manager of the Cogar & Davis elevator and grain company, was married at the home of the bride, Miss Minnie Duncan, near High Bridge, Wednesday evening. The bride is a daughter of Mr. John Duncan and is said to be an excellent young lady." Mr. Cogar resided in Lancaster for some time, and by his gentlemanly deportment and honest dealings made many admirers and friends who extend congratulations.

SURVEYORS IN TOWN.
One Line Completed into Town and Work Begun on Another.

The ink was not dry on our last issue before the entire railroad surveying corps drove into town. They were not expected for several days, but they got through with the Burgin end sooner than anticipated. The party was shown seven or eight locations for a camp and it was decided to pitch the four tents in the Graded School yard. This makes a much better camp than one in the country, as its convenient in every way, quiet and cool. The party consists of eight gentlemen and a colored cook. They are Messrs Jerry and E. B. Respass, T. W. Walthall, W. H. Burk, C. M. Clark, C. M. Nelson, Robert Ober and Chas. Gambel. This corps is the best in the Southern service. They have run eight lines for this company and all have either been completed or are now in course of construction. In running this line, Mr. Respass tells us he has orders to make a one per cent grade, with corresponding curves. This goes to show the Southern wants to make the best possible roadbed over which to do fast through business. Mr. R. says he has been very fortunate in locating the line so far, and has been able to carry out his orders to the letter.

The party has completed one line into town, coming what has been termed the Boone's creek route. This throws the line on the West side of town, it crossing Danville street somewhere between the Dr. Price and Kauffman property. This line makes a distance of about fourteen miles from Lancaster to Burgin, much shorter than the first hoped for. The corps will now run the line over the first proposed route. Of course nothing can be told of this until the exact line is located. It will take several days to do this work.

One frequently hears the question "Will this road be built?" To set at rest this query, *The Record* will say that it can state positively that it will be constructed, and trains running from Burgin to Lancaster within one year, and through trains within two years, provided the people of Garrard county will do their part in securing the right of way. We can state equally as positively that it will not be built through here if land owners demand unjust prices for the right of way. No trouble will be had in raising the cash to pay for any land where the owner does not try to "rub it in" on the people, but no reasonable man will contribute money to pay exorbitant prices for this right of way.
